Amendments to the Abstract:

Please amend the Abstract as follows:

Disclosed herein is a new and distinct variety of *Bidens ferulifolia*, named 'Sunbidesupa' having a very compact and mounding growth habit with dense yellow green foliage. ~~The Bidens variety~~'Sunbidesupa' has freely branching, stiff stems and very short internodes[[.]], ~~It appears dense and busy~~ yellow green foliage, having and large, vivid-yellow inflorescences, commonly with typically 8 ray florets in a whorl per inflorescence, on the short peduncles. The plant exhibits good resistance to heat, cold, disease and pests.
